

Think Global!

Ages: 13–17 years
Class: 22 hours per week
Minimum English level: A2+
Maximum class size: 12

Think Global! is designed not only to maximise a student's language development but to do this through using UNESCO's 'Four pillars of learning': learning to know; learning to do; learning to be and learning to live together.

By investigating and discussing global themes using various methods, students improve all four language skills (listening, speaking, reading and writing), their critical thinking skills and indeed both their independent and collaborative learning.

The global themes will excite and extend all abilities, from Glastonbury, climate change and the rights of child refugees to blogging, healthy lifestyles and fashion.

Earlscliffe's Think Global! programme is truly 'global' in all senses of the word.
