

# Studio Cambridge Activities

## ACTIVITIES FREE OF CHARGE

To take full advantage of living and studying with us here in the UK, you should continue to speak English after your classes are finished for the day. This will help you to learn as much as you can about our way of life, the food we eat, the festivals we celebrate and the sports we play.

Join in our activities and you will find yourself using the English you have learned in the classroom, in a relaxed setting with friends from around the world.

Our courses\* - EFL-20, EFL-28, CE-28, IELTS-28 & CAM-28 - all offer at least five afternoon activities, and one evening activity, each week, completely free of charge.

We have some other clever ways of keeping you talking. For example:

### Studio "missions"

We set missions for you, with the goal of finding out information and encouraging you to practise your conversation skills around the city. Studio missions are fun, out-of-school assignments, which help you to explore Cambridge while practising and improving your English - for example, visiting Cambridge University colleges, reviewing a local restaurant or attending a local football match. You will receive a special certificate for each mission you complete, but the real reward will be making use of your free time to learn more about this great city.

### Studio Conversation & Grammar Clubs

As part of the activity programme, we invite you to our free weekly after-school clubs. A teacher will be on hand to make introductions and help with questions, stimulate conversations or solve your grammar worries. All of this will get you talking, improving your accuracy and networking with other students.

## FROM CAMBRIDGE TO LONDON AND EUROPE

Trains depart Cambridge for London every 15 minutes. Since the journey takes as little as 50 minutes, London is easy to visit for a day's sightseeing, serious shopping or to visit the theatre or attend a concert.

There are also direct trains from Cambridge to the Eurostar at St Pancras Station and London's Stansted Airport, which offers cheap flights to 30 countries in Europe and other continents.

It is easy to travel independently from Cambridge by train or coach to all destinations in the UK. There is direct transport to London, Birmingham, the seaside, and all of the London airports.

During the weekend, student excursions can be booked at Studio to destinations such as London, Windsor Castle, Stratford-upon-Avon, Oxford, York, Bath, Canterbury, Warwick Castle and Stonehenge. Longer trips to Scotland and other European countries on the continent also leave regularly from Cambridge.

These are all at extra cost. A full-day excursion to London, for example, costs approximately £25. Some excursions are available exclusively to students aged 18 years or more.
