

Volunteering & Internship Programmes

Combine your course with a volunteer or internship position in an English-speaking workplace. Practise your English, boost your CV and get even more out of your EC experience!

Volunteering in the US or Cape Town

EC offers students in the US* or Cape Town the exciting opportunity to volunteer in an organisation, where your English skills will be actively used and improved in an authentic working context outside of the classroom.

We will place you in a volunteer position, where you will take part in community work or exciting outreach projects. You will be provided with on-going support throughout and awarded an official letter of completion to recognise your achievement.

An Internship in the UK or Malta

For those studying in the UK or Malta, EC can arrange fantastic internship opportunities in a wide range of companies and organisations. An internship with EC will not only improve your English, but also help to develop your professional skills. This practical experience will ensure you stand apart in the competitive work environment, and your CV will be greatly enhanced with the experience of living and working abroad.
