

# UCLan, Pyla

# UCLan, Pyla

CYPRUS

The village of Pyla is just outside Larnaka in Eastern Cyprus and is one of the oldest villages on the island. The nearby coastal tourist area of Pyla is one of the most luxurious destinations in Cyprus.

The Language Explorer centre is located on the campus of the University of Central Lancashire, Cyprus. This state-of-the-art campus opened in 2012 and offers unrivalled facilities to students on the island. The student accommodation at the Oceanic Bay complex is also of a very high standard, with two swimming-pools and a sauna on-site. We offer the University Explorer programme at this centre.

This is an ideal choice for students who want a taster of life at an English speaking university. It is an intensive academic program designed for students with developed English language abilities.

# UCLan, Pyla
