Intensive/Examination Programme

■ GENERAL ENGLISH

Our General English course develops the four key skill areas of speaking, listening, reading and writing with a focus on improving communicative abilities. With small class sizes, students at CELT can be sure of receiving tuition which is suited to their individual needs.

Long-term students enrolled with us for 8 or more weeks also receive personal tutorials with

their teacher on a termly basis to ensure that they are kept informed about their progress and establish clear learning goals.

Students can choose either the standard programme with 15 hours per week in the mornings or the intensive 23-hour per week programme with lessons in the mornings and on 4 afternoons (Monday to Thursday).

■ IELTS PREPARATION COURSES

IELTS at CELT combines the attributes of our morning General English classes with an IELTS-focused afternoon programme to develop the exam skills necessary for success. Furthermore, our course includes regular exam practice and an emphasis on improving study skills, a strategy which has resulted in our excellent track-record in improving the IELTS band scores of our students.

As an introduction to academic English and the IELTS exam, CELT runs a Bridge to IELTS programme for our Pre-Intermediate students. On this course, learners become acquainted with the essential key skills and linguistic requirements of the examination. This introductory course is aimed at students who need an IELTS grade of 4.5-5.0, as required by university foundation programmes.
