

2. Course types

Standard course

20 lesson hours of 45 minutes per week

Contents and goals

The four language skills (listening, speaking, reading and writing) are the focus of our Standard course. New grammatical structures and vocabulary are presented, discussed and practiced through a variety of interesting topics. Our syllabus, including the choice of topics and the development of language, follows the "Can Do" statements contained in the Common European Framework of Reference for Languages.

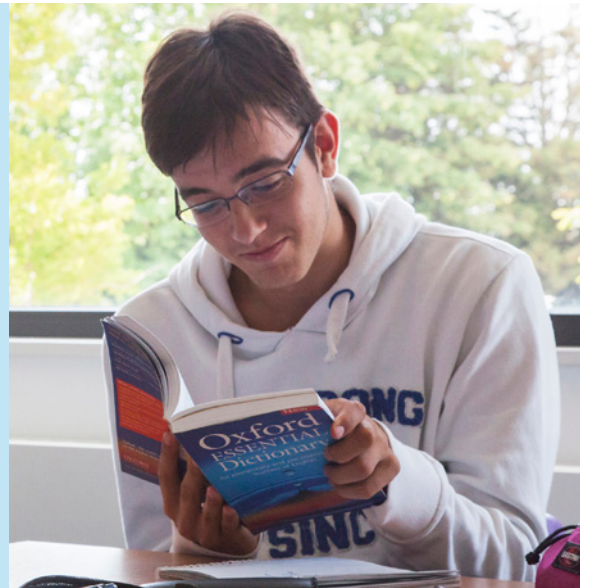

Intensive course

20 + 5 lesson hours of 45 minutes per week

The Intensive course is composed of the Standard course plus one lesson each day focusing primarily on speaking.

Contents and goals

In the extra lesson each day, students will concentrate on improving their oral communication skills. The teacher chooses an engaging topic and provides students with a wide range of functional language to use when discussing it.

Private course

20 + 5 lesson hours of 45 minutes per week

The Private course is composed of the Standard course plus one lesson each day of individual tuition, entirely tailored to the student's individual needs and goals in the language.
