

SOCIAL PROGRAMME

DID YOU KNOW.?

Cardiff is close to Brecon Beacons National Park and the wonderful scenery and beaches of the Gower Peninsula.

Learning a language is not only about classroom time. We want our students to develop their language skills and boost their confidence by socialising with the other students in the school as well as with local people.

CELT offers an attractive optional social programme with excursions, sports, cultural visits and other activities throughout the year in our adult centre. Whether it is sampling the dishes at the Cardiff International Food Festival, having a game of football in the park, or bowling in the evening, the social programme is a great way to meet new people and integrate into the local culture.

Our social activities are advertised on posters around the school and also on our Facebook and Twitter pages. Although some activities are free, any events which require a coach and/or entrance tickets are not included in the course fees and will have to be paid for separately. Costs for the individual activities can be found on the social programme timetable.
