

# Gateway School Residence: your perfect home-away from home!

Thanks to the Gateway School Residence, students wishing to live close to Gateway School of English are **guaranteed excellent service, speed of access to the School (less than 30 metres from bedroom to classroom!)** and the relaxation that goes with the absence of the hassle of having to travel to and from one's place of study.

It is not only inside the classroom that our guests experience Malta's pleasant way of doing things. Our family runs the school and the residential facilities annexed to it (they are ours too!) with the same care and attention that we give to our own home and our own children. The school and the residence are situated near the Island's most popular shopping and recreational centre in St. Julian's and Sliema.

None of Malta's major cultural and historical places of interest, some of which are recognised as UNESCO World Heritage Sites, are more than half an hour away from where our students learn and live. There is easy access to the public transport network: a bus stop is only 2 minutes away from the school and the residence.

The school residence is a fully detached structure built with beautiful Maltese limestone on three floors. It boasts 22 bedrooms (6 double rooms, 12 triple rooms and 4 quadruple rooms), 8 bathrooms, 4 TV lounges with cabled computer work-stations ensuring 24/7 fast-access broadband internet connection to your family, business and friends worldwide, a recreational area,

and an in-house canteen or diner. Free WiFi is also available and accessible from all the bedrooms and common areas. The Gateway School Residence is available on half board (breakfast & dinner) / full board (breakfast, lunch & dinner) and is surrounded by an open space, ideal for *al fresco* relaxation.

The residence is furnished with contemporary furniture and finishings. Students have their own desk, chair, wardrobe and locker. We provide bed linen and bath towels; bed linen are changed once a week and towels twice a week. Single rooms are available in the low season.

Dear all at GSE,

We'd like to thank you for your warm welcome and hospitality, comfortable and clean accommodation, very good food and much more.

What's best - there's WiFi Internet access all over the place and I could keep in touch with family and friends back home."
