Spanish Families

"What you learn in school, you can practice at home"

Living with a Spanish family gives you the opportunity to get the best out of the course, to get to know the food, the culture and the Spanish customs.

You will be part of real Spanish life and this experience will improve your command of Spanish. It is logical that you will have to adopt a little to the habits of the family, but you will be able to enjoy their friendship and yet

on the other hand, be independent, with your own front door key you can choose an individual room or a double and half board (2 meals, normally breakfast and dinner) or full board (3 meals, breakfast, lunch and dinner).

All our collaborated host families are close to the school (between 5 to 20 minutes by foot) and to the beach. Our collaborated families are carefully selected by the school and they are used to have students from all over the world. This accommodation is available between the Sunday prior to the first day of the course (Monday), until the Saturday following the last day of class (Friday). But if you need your accommodation to be available before or after these dates, for example for flight reasons, this is possible and you will be charged for any extra days needed (up to a maximum of 2 extra days).
