MEDICAL

The NHS (National Health Service) provides free and subsidised treatment for people who live in the UK. International students, may be entitled to NHS treatment if they are enrolled on a course lasting for six months or more. If their course is less than six months long, they may still be able to get treatment under the NHS if they are from a country that has a health agreement with the UK.

To receive any treatment through the NHS, firstly students must be registered with a doctor (GP). They should register with a local GP as soon as they have a permanent address – and not wait until you are ill. To find your local GP they can call NHS direct on 0845 46 47 or visit their website.

If students are not entitled to NHS treatment they will have to pay the full cost of any treatment they receive in the UK. This can be expensive, so make sure you have medical insurance that covers you while you're living abroad.

If students are not able to register with a GP or cannot get an appointment to suit them, they can visit the Soho health centre on Frith street. Opening hours are Monday to Friday from 08.00 to 20.00 and from 10:00 to 18:00 on weekends and bank holidays (excluding Christmas day). There is a consultation charge of GBP 35 for non-eu students.
