

Learn Italian by speaking it and having fun!

To learn a foreign language, you need to immerse yourself in it. Students' leisure activities are therefore a substantial and integral part of our teaching approach. We offer a bi-weekly programme, with at least one social activity per day which is either a cultural or a leisure activity.

Watching **Italian films**, **tasting wines**, oils and beers; treasure hunts and a wealth of **sports** activities at the **seaside**; **guided tours** of the town, trips, restaurants and bars; short **seminars** on **Italian culture**: art, literature, history, cinema, Italian gestures etc.

The films, games and seminars are included in the price, while the trips, dinners out and guided tours are additional expenses.

Ravenna offers a wide range of cultural events: markets and antique fairs, Ravenna Festival (a major European cultural event), concerts, theatre and dance, art exhibitions and libraries.
